**Swim Lesson Dates: July 5th - August 9th**

**Camp Schedule: June 23rd - August 8th**

**Fire Academy Training: June 30th, July 8th 12pm-4pm**

### POOL FAQs:

**Q: What is the size of the pool?**

**A:** The pool is 25 meters long and roughly 12.5 meters wide. In yards that would be approximately 27.3 yards long and 13.7 yards wide.

**Q: How many laps equal a mile?**

**A:** In this pool, 1600 meters = 1 mile = 64 laps or “lengths”

**Q: What is the depth of the pool?**

**A:** The pool depths are labeled as you walk down the side of the pool. Our pool depth ranges from 3.5 feet to 13 feet.

**Q: Is this a saltwater pool?**

**A:** Yes. The pool uses a salt concentration that goes through a process of chlorination in our chlorine generator to create softer water giving a better overall experience for our swimmers.

**Q: Does it matter which lane I swim in?**

**A:** Yes. The Center strives to keep all swimmers of similar speeds in the same lanes. They work from the inside out. Lanes 3 & 4 are the fastest, lanes 2 & 5 are intermediate, Lanes 1 & 6 are for novice or slower swimmers. If you are unsure of where to swim, please ask a Lifeguard. They will be more than willing to help you find a lane to best suit you!

**Lanes 1 & 6: Slow**

**Lanes 2 & 5: Medium**

**Lanes 3 & 4: Fast**

**Q: Do you have to circle swim?**

**A:** Yes. In order for us to accommodate our swimmers, all lanes are subject to circle swimming. If you don't feel comfortable circle swimming, you may wait on the benches until a lane opens.

**Q: Can we bring our own floatation devices?**

**A:** Yes. However, the Aquatic & Fitness Center follows the guidelines of the Red Cross.

We do not allow floatation devices that are not US Coast Guard certified. If you don't know if your flotation device is Coast Guard approved, please ask a Lifeguard. They will be able to identify if your flotation device is stamped and approved.

**Q: What is the water temperature of our pool?**

**A:** The water temperature is set to 83 degrees.
