On May 20, 2022, Ocean Wind, LLC ("Ocean Wind"), filed a Verified Petition with the Board under BPU Docket No. QO22050347, together with supporting testimony and exhibits. The Verified Petition seeks the Board's determination that certain easements upon, across and under property owned by the County of Cape May ("Cape May County"), and consents needed from Cape May County for certain environmental permits in, and with respect to Cape May County, are reasonably necessary for the construction or operation of the Ocean Wind 1 Qualified Offshore Wind Project ("Project").

The easements and related consents sought in the Verified Petition concern a segment of the onshore cable route that is proposed to be constructed in Cape May County. The onshore cable route will help transmit power from Ocean Wind's 1,100 MW offshore wind farm to load centers in the state.

A copy of this Notice of Public Hearing on the Verified Petition is being served upon the Clerk and governing body of the County of Cape May, the Clerk and Administrator of the Board of County Commissioners of the County of Cape May, the Cape May County Clerk, the Department of Law & Public Safety, New Jersey Division of Law, the Director of the New Jersey Division of Rate Counsel, and the Commissioner of the New Jersey Department of Environmental Protection. This Notice is also being provided to the local news media. A copy of the Verified Petition, supporting documents and supplemental materials will be made available on the Board's website at: [BOARD OF PUBLIC UTILITIES \(state.nj.us\)](https://www.state.nj.us/dep/boards/boardofpublicutilities/).

The Board has the statutory authority pursuant N.J.S.A. 48:3-87.1(f) to determine whether the requested easements and consents are reasonably necessary for the construction or operation of the Project, and if such a determination is made, the Board shall issue an order approving the acquisition of the requested easements and related approvals. The Board intends to review and consider input from the public in making their determination.

Representatives from Ocean Wind will be asked to present an overview of the project at both sessions. Board Staff and the New Jersey Division of Rate Counsel will participate in both sessions. Members of the public are invited to virtually attend and present their views on this matter by registering through the above links.
