- Roads & Paving and Flood Mitigation & Drainage
- Beach & Bay
- Boardwalk
- Public Buildings & Properties
- Public Facilities
- Large Vehicles & Trucks
- Departmental Equipment
- Intermodal

Capital Budget Finances

- ❑ Capital Improvement Fund (CIF)
 - ❑ Must provide 5% down payment on capital improvements through each bond ordinance (some exceptions)
 - ❑ CIF is included in the operating budget each year. The 2026 plan calls for \$23.8 mil in projects which = \$1.2 mil
 - ❑ This 5 year plan at \$73 mil represents about \$70 mil of debt going forward not counting any offsets for grants

Capital Budget Finances

Ocean City Debt Statement as of 12/31/25 listed the following:

- \$168 mil in permanent or bonded debt (2014-2025)
- \$69 mil in temporary notes or unfunded debt (2023-2025)

The plan before you today represents about another \$40 mil in debt from 2026-2027 if all projects get completed, and not included various grant sources

The debt service model on the next slides demonstrates the capacity to continue to pay down our existing bonds, as well as all new debt over the several years with bond sales planned for 2026 and 2028
